Gilded AIge

Race to make technology too dangerous to build responsibly.

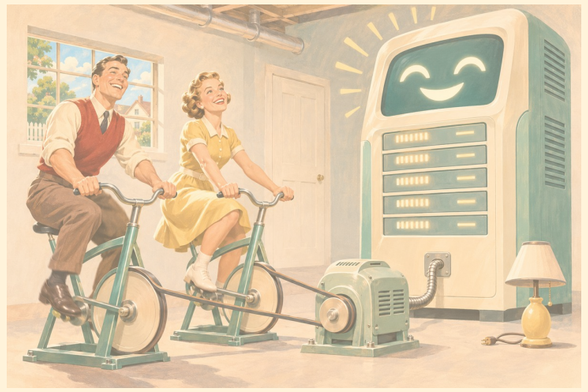

If your AI ends the world, at least you'll have the high score!

Chip Supply

"Pinky promise you won't ship them to China."

Power Grid

Powered by your neighborhood.

Workforce

Now training the replacement.

Executive

Buy President's memecoin, attend President's reception.

Legislature

Subsidies for incumbents. Regulations for entrants.

Application layer

"Great idea, customer! Don't mind if we take it."

CONTROL: 2+ PIECES AND STRICTLY MORE THAN EVERY RIVAL.
